### Model 5101

Test any residential house. Complete with a gauge, fan, 6 ranges, connectors, software and a 10-year warranty on the fan shell. Fully automatic and manual operation. Quick connect frame with extra crossbar for stability and gauge mounting. Everything included.

### Model 341

The complete package to start testing immediately. Includes 3 flow ranges, to the leakiest to the tightest duct system as low as 10 CFM with optional ranges down to an amazing 0.02 CFM. Includes free reporting software, a 10 year warranty, & online certification/training.

## Pair with:

#### Pressure Pan

Cover registers & find duct work leak locations. Use on duct registers on walls, floors or ceilings.

#### Fan Case

Custom designed for Retrotec fans. Convenient height for laptops & cases.

#### Dragon Puffer

Delivers narrow plume of smoke for detecting air movement.

All systems & accessories:
