### WHY CHOOSE US?

-  **No Travel Time & Expense**  
No time away from your family or work, and no fighting traffic to get to class on time.
-  **On-Demand Flexibility**  
Study when you want, where you want - even from your smart phone.
-  **Learn at Your Own Speed**  
Go as fast or slow as you need, and review anything at any time.
-  **Quality & Consistency**  
Our online instructors never have a bad day, never fumble over an explanation, and never cancel class.

-  **Help When You Need It**  
If you have questions, an instructor is just a phone call or email away!
-  **Education Built for Adults**  
Our courses use adult learning techniques to help you understand and retain the information.
-  **Practice Exams**  
Practice exams help you know if you're ready for your certification exam. Retake as often as you like.
-  **100% Success Guarantee**  
If you don't pass your certification exam, you can take the online course until you pass.

# BPI 16 CEU PACKAGE (CONTINUING EDUCATION CREDITS)

## OVERVIEW

Choose your preferred course package (A or B), complete the BPI-approved online courses and earn 16 of the 30 CEUs you need to waive BPI's written recertification exams. Watch anywhere you have an internet connection – even on your smart phone or tablet. When you finish your courses, we'll upload your 16 CEUs directly to your BPI portal. Courses are completely online – no travel or missing work...and No Exams!!

## COURSE FORMAT

Students complete training online, following university format with clear course objectives, and a quiz at the end of each module and at the end of the course to enhance retention. Students have phone and email access to instructors to answer their questions for the duration of the course. Students can earn optional certifications to boost their credibility (exams sold separately).

### DATE:

Start online training immediately upon registration. Learn at your own pace. Online course available 24x7 for 90 days.

### LOCATION:

Log in to the online courses from anywhere you have internet access - even from your smart phone.

## COURSE PACKAGES

We have two course packages available, as follows. [Visit our course web page](#) for more details. **Cost: \$187**

### ► Package A Includes:

- **High Performance Insulation Professionals (HPIP) – Platinum Level Course (10 CEU)**

This course covers relevant aspects of the 2012 International Energy Conservation Code; how to set up and perform a 50PA Blower Door Test (including how to calculate ACH50 and determine code compliance); how to perform a Total Duct Leakage Test and a Duct Leakage-to-Outside Test (including how to evaluate results and determine code compliance).

- **ICC Residential Energy Inspector (2012) (6 CEU)**

This course covers most of the significant new requirements for the 2012 IECC code (but is not a substitute for being familiar with the 2012 IECC code book). If you're interested, we'll provide you with information about the ICC Residential Energy Inspector certification exam (exam fees extra).

- **Optional Certifications**

By completing this course package you are eligible to earn the following certifications (exam fees extra):

- HPIP Platinum Level Certification
- ICC Residential Energy Inspector Certification

# BPI 16 CEU PACKAGE (CONTINUING EDUCATION CREDITS)

---

## ► Package B Includes:

### ■ RESNET EnergySmart Contractor Training (4 CEU)

As a contractor, you need to know how the house works as a system – how the changes you make will affect other areas of the home, and avoid detrimental side-effects.

### ■ BPI Building Science Principles (12 CEU)

This course covers all the basics of building science, including energy transfer and air leakage, indoor air quality, insulation, combustion safety, moisture, lighting & appliances, and more. A great refresher!

### ■ Optional Certifications

By completing this course package you are eligible to earn the following certifications (exam fees extra):

- RESNET EnergySmart Contractor Certification
- BPI Building Science Principles Certificate

## TESTIMONIAL

*"The flexibility was the most important thing for me because I could do the training whenever I had the time. I could start and stop and come back to it. I didn't have to sit in the class for a full day. And not only the flexibility, but the high quality of it. The fact that you have video training where you have a person there explaining things to you, you're not just reading and they have examples."*

- Mike Hartman, Thomas E Clark Plumbing
